BIG SOCIETY
AWARDS 2012

Several local projects have benefited from the excellent insurance cover offered by AON.

We have now partnered with AON as our **recommended insurance company** for local projects (and other charities / organisations).

For around £220 (depending on the level of cover needed) AON will insure a local project for:

- * Public and Products Liability of £5,000,000
- * Personal Accident for employees and volunteers
- * Employer's Liability
- * Legal Expenses

AON will also donate 5% to the national work of SA-CNI for every insurance policy taken in addition to offering a preferential rate - **please quote STREET ANGELS to benefit from this.**

Contact Stephan Schell at AON for a quote and cover on:

01252 767055 / 07903 252736 / stephan.schell@aon.co.uk

Local projects wishing to be insured through AON must have in place:

Written volunteer pack presented to all volunteers with evidence that this is read and will be adhered to by the volunteer. The pack must include Code of Conduct, Police Protocol, Health and Safety and a Risk Assessment.

All volunteers to have an understanding of conflict awareness and the need for personal safety.

Volunteers must patrol in teams, must carry a radio or phone for communication and must wear an identifiable uniform when on patrol.

The Health and Safety document must be of a standard at least minimum to the one on www.sa-cni.org.uk

This is preliminary information as we are still in negotiation with AON

We have worked with several suppliers to be able to offer competitive costs on a wide range of items needed in your weekly work on the streets:

- * First Aid Equipment
- * Hand Gel
- * Disposable Gloves
- * Sick Bags
- * Wipes
- * Fabric Dressings
- * Foil Blankets
- * Jackets, sweat-shirts and t-shirts
- * Spikies
- * Baseball caps with LED light

Visit www.sa-cni.co.uk for details and to order. The companies donate to the ongoing work of SA-CNI with every order.

The **Love Your Streets #Do1NiceThing** campaign has caught the imagination of people and media across the UK and is part of our legacy of the National Day of Prayer held at Wembley Stadium in 2012. Love Your Streets also features in the book “Neighbours Transform Your Streets”.

In 2013 we are running **#Do1NiceThing** every day in Lent and encourage local communities to conclude with a **#Do1NiceThing** community celebration at Easter (it could be handing out hot cross buns, organising a community clean up, holding an outreach event at church, etc).

For ideas visit www.loveyourstreets.org.uk and watch the @loveyourstreets Twitter feed daily during Lent.

Part of Love Your Streets is the partnership with **Neighbourhood Prayer Network** who have a vision to cover every street in the UK with people who will ‘care, prayer and share’ for their street.

We are also looking for postcode coordinators who will talk to local ministers and churches about Neighbourhood Prayer Network and encourage people to be take up the challenge.

To sign up to pray for your street visit www.neighbourhoodprayer.net

To register interest as a Postcode Coordinator contact:
paul@sa-cni.org.uk / 07725 501465.

A weekend for all those involved in night-time projects (or wanting to find out more) with **networking, inspiration, practical workshops** and opportunity to enjoy the food and leisure of Staverton Park Hotel, Daventry, Northamptonshire.

Friday 30th August - Sunday 1st September 2013.

For more details and to book visit our web site - www.sa-cni.org.uk

Early booking rates until 30th January!

Can we encourage you to tell your volunteers about this weekend...

NightStock

NightStock is all about our community hubs at night! The NightStock concept is to share ideas and resources so that any group of people or organisation can **get on and do something** about their area at night (5pm - 6am).

Part of the vision of SA-CNI is to see villages, towns and cities move from binge culture to better. The web site contains the start of an A-Z of brilliant ideas - join the conversation...

Visit www.sa-cni.org.uk/nightstock.html

One of the ideas, and something that will be available soon, is a **mobile phone app** for iPhone (Android version coming soon) called **Your Night**. This will give the a local community a facility where revellers can find locations of bars/clubs, taxi ranks, late night eateries as well as find important contact numbers. This app is developed by Lincoln Street Pastors and they are planning to make it available to local Street Pastor and Street Angels - CNI Network groups. If you are interested in developing the Your Night app for your town (there will be a small cost) please email paul@sa-cni.org.uk who will pass your details to Lincoln Street Pastors...

Throughout 2013 we are highlighting different projects, partner organisations and events each month so we can **pray across the network for one another.**

Local projects and partner organisations are invited to email prayer items (to paul@sa-cni.org.uk) before the start of each month and these will be featured on a Prayer 2013 page on our web site, within the monthly newsletter, on our Facebook page and using #CNIPrayer on Twitter.

Stand with one another ~ pray for God's Kingdom (of peace, love, hope, safety, crime reduction...) to be evident in community after community ~ pray for those who invest in our towns and cities within the night-time economy...

Visit www.sa-cni.org.uk/2013-prayer.html

We are currently working with the Community Engagement strand of **Crossing London** to promote Street Angels and Love Your Streets as a great idea to engage with communities in London and the Home Counties...

"While we have witnessed great scenes of hope and excitement in our communities during 2012, there are also inescapable scenes of broken-ness.

A few years ago, a report brought to light the alarming reality of London's lonely. Many go without making eye contact with anyone for days. 30% of Londoners fall into this silent and often ignored demographic.

Churches across London are stepping up to engage the community in fresh ways - to simply be the good neighbours people need."

Quote from www.crossinglondon.co.uk - visit this site for more information on this mission and watch the SA-CNI blog for details of our engagement with this initiative.

Christian Initiative in Calderdale Schools (CICS), Halifax Street Angels and Christian Nightlife Initiatives (CNI) Network have come together to create an educational resource around **Alcohol and Safety** that can be delivered in Schools, Youth Groups, College, Uniformed Organisations or to groups of young people. This pack includes:

- * Ice Breakers
- * Alcohol Unit Calculator
- * True or False Quiz
- * Decision Making
- * Case Studies
- * Impact of Alcohol on a Person
- * Dynamic Risk Assessment Scenario
- * Drink or No Drink Game
- * Sample Lesson Plan

It is easy to deliver and challenges young peoples perceptions on a topic that effects their lives. Pick and chose which material you use depending on relevance and time.

The pack is available at a low cost of £10 - visit www.angelresources.org.uk
