

BRINGING MISSION TO THE PARTY ISLAND OF TENERIFE

We have had many young adults join us on team over the last few years and it has been great to see them encouraged and equipped to reach their peers and returning home fired up and inspired to share Jesus in their own communities. Here's what some of them have said about their time here on team:

"Tenerife changed me. I love love loved working at the living room, it showed me how community over there could and should be and gave a little glimpse of the kingdom of God. At first going out on the streets at night took me right out of my comfort zone, but we prayed a lot and my heart was really broken for Las Americas. It was truly incredible the conversations that we had and such a blessing that people spoke to us so openly. My faith was rocked in the best way possible, it taught me that God moves anywhere and everywhere and that we really do have to trust him and move with him. I cannot wait to go back again."

Ruth Hepper, 21

"Working with the Living Room team has been one of the most defining things about my Christian walk so far. It's been greatly challenging, taking me far outside of my comfort zone, but through that I've been greatly empowered, encouraged and been giving hands-on experience to help build my faith and character whilst getting to be part of building a great team of people who are sold out for reaching those who are lost and broken."

Henry Kelly, 20

"My time on team was amazing. I loved being able to be myself and getting to know people naturally, and really well over the time I was there: being able to offer friendship and support, have a laugh along the way, but at the same time understanding people's real needs and issues and being able to journey with people to the answer – Christ. Just amazing!"

Sam Stack, 26

"The Living Room is an amazing place where I saw the reality of God changing people's lives. It deepened my relationship with God and stretched my perspectives on what God can do through me. If God is calling you there and you dare to accept the adventure, things will never be the same again for you, and maybe for those you meet!"

Charlotte Lowe, 29

"I spent some exciting months at the Living Room last summer. Going out on the streets at night and talking to the workers was quite nerve-racking at first, but I soon began to love it. The jokes, banter and games each evening were a really easy way to build relationships and often led to honest conversations. The Living Room Centre was a chance to get to know some of these people better in a more relaxed environment. It was so encouraging to see the amazing impact the time I had in Tenerife had on both myself and others – to see God move and change people's lives was an incredible privilege!"

Andrew Wardrope, 21

“Heading out to Tenerife to be on mission with the guys at the Living Room was a fantastic experience that I’d highly recommend! Its a challenging environment which provides a fantastic opportunity to engage and build relationships with people where they are at. If you’re thinking about going on mission with The Living Room then you won’t be disappointed! Why wouldn’t you want to join in the amazing work the guys out there are doing?!”
